PRAESID
JUNIOR MODULE

MODULE GUIDE

Reassuring essentials for younger children

WHY THIS MODULE MATTERS

An emergency can be particularly unsettling for a child. The Junior Module provides warmth, comfort, activities and identification tools to help make the wait less stressful.

Designed for children

Comfort + identification

7 essential items

MODULE CONTENTS

Child's blanket	Provides warmth and softness in unfamiliar surroundings.	1
Comforting soft toy	A familiar companion to soothe and reassure while waiting.	1
Puzzle	150 pieces to keep children occupied and take their minds off stress.	1
Notebook and coloured pencils	Six colours for drawing, writing and expressing feelings.	1
Safety booklet	Simple instructions to help children learn what to do.	1
Identification wristband	Space to write a family contact's details.	1
Whistle	A simple way to attract attention under adult supervision.	1

Essentials organised for quick access and easy use when every minute counts.

Getting ready

- Fill in the wristband with a contact number and explain when to use it.
- Introduce the pouch to your child at a calm moment.
- Together, choose a trusted adult and agree on how to reunite if separated.

During use

- The whistle and cord must be used under adult supervision.
- Check the items regularly and replace anything damaged.
- Adapt activities to each child's age, abilities and needs.

Reassure • Identify • Keep busy • Explain
